Commissioner for Patents

1. Applicant's election with traverse, filed on 30 June 2003, of Invention II (claims 12-19) and Species C (as shown in Fig. 3) is acknowledged.

Said election is not responsive because Species C is not encompassed by claims 12-19 (see MPEP § 821.03).

For example, claim 12-19 recite a reactor wherein the incinerator (or a second elongated vessel) is provided with an inlet for oxygen comprising gas (see claim 12, lines 17-18 and claim 15, lines 21-23). Since lack of addition of oxygen comprising gas into the incinerator (or a second elongated vessel) is a special technical feature of elected Species C, as shown in Fig. 1-3 and as disclosed in specification P10/L12-19, all claims 12-19 are drawn to non-elected Species.

If applicant does, in fact, want to elect Invention II and Species C, the applicant needs to amend at least some of the claims 12-19 to read on elected species or add new claims drawn to the apparatus that encompass Species C.

Since the above-mentioned response appears to be a bona fide attempt to reply, applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this notice within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD UNDER 37 CFR 1.136(a) ARE AVAILABLE.
